RYAN MA

Summary: Driven college student looking for success in related roles to add an invaluable new facet to the Apple team. Ambitious and focused with a passion for fostering community contributions through memorable events. My favorite way to learn new concepts is to tinker.

SKILLS

- Mentorship and training
- Bilingual
- Experience in Java, C++, Python, HTML & CSS
- Hardware and engineering knowledge

EXPERIENCE

Engineering For Kids, Fremont – Camp Mentor

Jun 2019 – Aug 2019

- Applied exceptional skills in communication and conflict-resolution to improve decision-making process
- Provided students with personalized educational, behavioral and emotional support
- Cleaned and organized classrooms, materials, and supplies for maximum efficiency
- Observed children and recorded activities, maintained daily records and created safe environments during activities, meals and naps
- Taught a variety of engineering subjects to the kids such as Mechanical, Aerospace, Electrical, etc

Give Every Child A Chance, Manteca – Site Coordinator

Nov 2017 – May 2018

- Organized study plans and recorded what I achieved with the student that day.

EDUCATION
